## Adventurers League

All the D&D games at Conmar Live adhere to the Adventurer League rules. For information about Adventurers League check out <https://www.adventurersleague.info/> , mainly the Adventurers League Player's Guide (ALPG) under Documents.

All players must either bring a character that is made by the current Adventurers League Player's Guide (found on the link above) or use a premade character from the selection available at the event. If you bring an existing character, make sure that you also have the log available for the DM to check. Make sure to also log your adventures at Conmar Live.

For T3 adventures (lvl 11-16) you must have an existing character ready to play.
